Kid Williams Knocked Him Out in Third Round With a Hard Punch to the Chin-Coulon Seemed Mystified Where to Land Blows-Fight Fast and Lasted Only Eight Minutes.

Ringside, Vernon, Calif., June 9.—
Johnny Coulon, bantamweight champion of the world, lost his title tonight to Kid Williams of Baltimore who knocked him out with a stiff right handed punch to the chin in the third round of a twenty round match. The fighting favored Williams from the state Waterbury club is noted attention from the big fellows. Inasmuch as the Waterbury club is noted attention from the big fellows. Inasmuch as the Waterbury club is noted attention for the majors as being a farm for the Cleveland club and owned by President Somers, the big league scouts do not pay much attention to it. The Federals, however, have no such two rounds and was saved at the close of the second.

where in the short interval of the first two rounds and was saved at the close of the second round only by the time-ly ringing of the bell.

At the opening of the first round the crowd repeatedly called for Wil-lams to "get in and do it," evidently assured that he was capable of making good his claim to the championship title. Coulon landed but one really effective blow during the short con-test. Toward the close of the first

round he managed to reach Williams' face.

Although the champion was obviously outclassed from the beginning, his blow to Williams' countenance elicited cheers from the crowd.

The fighting was fast and exciting from the start. Williams held the cen-ter of the ring and kept Coulon sparring near the ropes. When the former clampion received the blow which de-prived him of his title he fell nearly under the ropes, within a few feet of Williams' corner.

As Referee Eyton raised the new

champion's arm, signifying him to be the winner, the crowd rose and cheered lustily. Williams ran around the referee and attempted to assist the ex-champion to his feet. Coulon appeared shaky and scarcely able to walk. As soon as he had gone a step or two he went to his corner unassisted, hox-ever, and refused Williams' proffered aid.

MAJOR LEAGUERS SIGNED WITH THE FEDERALS.

Knows of Six That Are Going Next

That some players now living up to their 1914 contracts in the major leagues are under contract with the Federal league for next season is the surprising statement which has just been made by a member of the Washington club. This player declares that he knows six players who have hook. he knows six players who have hook-ed up with the Feds for next season, and he says that their salaries for next season have been placed in banks

for them. The players are now drawing interest on this money, this being one of the stipulations made when it was put away for them.

The authority for the above further declared that during the recent visit of the Nationals to New York that he knew 25 players who are readyly as knew 25 players who are ready to go over to the Federals as soon as their present contracts expire at the end of this season. Information which comes from persons close to the players of Clark Griffith's club makes it certain that Walter Johnson is not the only player whose future is turning Griff's hair from gray to white. The attempts of the Federals to get some of Griffith's players for next year are not viewed with pleasure at this particular time by Washington fans, who feel that the Nationals have a chance to win the pennant. It is figured that dreams of future wealth will interfere with the work of the players in the present

SMALL ADVANCE IN STOCKS. Traders Showed Indifference to Out-Influences-Sentiment Was

New York, June 9.—Another small advance in stocks occurred today. While traders continued to show in difference to outside influences sentiment was cheerful and the inquiry was broad. The good impression produced by yesterday's crop report was strengthened today by the favorable character of the weekly review of weather conditions. The fortnightly report on idle cars showed a nomina. increase. Unofficial statements that the freight cases would be quickly de-cided again did service as a bull factor, it being said on this occasion that the ruling might be expected this week. The news factors noted stimulated buying of grangers and railway equip-

ment shares. The opening was irregular, but the market quickly moved un-ward, the rise reaching a point in some cases, with exceptional gains in tobac-co stocks and a few other specialties. The ease with which quotations were advanced on comparatively small buy-ing indicated a scarcity of stocks, but bulls were not aggressive, and in the last half of the day trading was decidedly slow.

Engagements of gold for Europe to-day amounted to \$5,500,000, making \$10,500,000 thus far this week and \$30,000,000 for the movement. Ordi-narily such a loss of gold might be expected to have a depressing influence on the work market, but the same indifference was manifested today as heretofore.

Money lenders said the market for time loans showed a slightly firmer tendency on account of the volume of gold exports, but there was no notable change in rates. Bonds were steady, although there were unusually wide movements among speculative issues. Virginia debt certificates slumped 12 1-2 on the supreme court ruling which permits re-

opening of the case, involving another delay. St. Louis and San Francisco refunding fours fell 1 5-8 to 7, a loss of five points in a week. Total sales of bonds, par value, \$2,560,000.
